

FEGLI Compared to FABC's Products

Federal Advantage Benefit Company offers affordable and money-saving alternatives to FEGLI options, giving federal employees more choices and greater flexibility for coverage and budget needs.

Life Insurance in the FEGLI program is term insurance that goes up in price as federal employees grow older.

In fact, for FEGLI Option B coverage, a federal employee:

- Will pay \$.073 per month for each \$1000 of life insurance at age 45.
- Will pay \$1.343 per month for the same coverage at age 65.
- That's more than 7 ½ times the cost for the same amount of insurance!

For example, a 45 year-old earning \$50,000 a year electing 5 times coverage:

AGE RANGE	MONTHLY COST
45-49	\$43.25
50-54	\$70.50
55-59	\$124.50
60-64	\$281.75
65-69	\$335.75
70-75	\$617.50

FABC offers affordable and money-saving alternatives to FEGLI options. Our plans have level premiums, so planning is never a surprise.
